Komphela empathises with his players after 7-goal rout

I can't be hard on them, says Arrows coach

By **Sihle Ndebele**

Golden Arrows coach Steve Komphela insists he won't be too hard on his players after their 7-1 demolition by Orlando Pirates at Orlando Stadium on Saturday.

He feels they played "some good football" at times during the DStv Premiership match.

Tshegofatso Mabasa netted a hat-trick to take his league tally to 10, to match the total by Mamelodi Sundowns' Lucas Ribeiro Costa as the league leading goalscorers.

Relebohile Mofokeng, Kabele Dlamini, Sandile Mthethwa and Karim Kimvuidi also registered their names on the scoresheet for Pirates. Lungelo Nguse scored a consolation goal for the Durban side.

It had to take a rampant

showing by the Sea Robbers to hand Komphela his first defeat since his return to Arrows early last month.

"I've only been with this team for less than a month. I am working with players whom I've worked with before ... others we started with together. I can't be too hard on them but fact remains, they know things we work on and when those things don't happen, we are all not happy," Komphela said.

"I thought, with utmost humility, Arrows did play some good football. We came out in certain moments... you could see that they were intentional with what they were doing.

"It is what it is, we will go back and work with players again. Whether you scream or break bottles or whatever, it won't help."

Komphela further reiterated that there's really no need to make a big deal out of this heavy defeat, implying his troops' attitude was okay on the day and he would have had

a problem if the attitude wasn't good.

"There are moments where you have to break bottles; when there's an issue of attitude or complacency but when you see people trying [it's hard to be too hard on them] and mistakes are mistakes because these are genuine mistakes.

"Your job as a coach is to assist players and try to lead," the Arrows mentor stated.

Arrows' next game is against provincial foes Royal AM in the league at Mpumalanga Stadium in Hammarsdale on April 20.

“It is what it is, we will go back and work with the players again”

Arrows coach Steve Komphela looks defeated after his team were walloped 7-1 by Pirates at the weekend.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
