Proteas all kitted out and raring to go

Two-week camp pleases Msomi

By Mahlatse Mphahlele

Netball Proteas assistant coach Dumisani Chauke is pleased with the progress the players are making at their training camp in Stellenbosch as they step up preparations for the 2023 World Cup.

In January, the Proteas took part in the Quad Series against Australia, New Zealand and England in Cape Town and Chauke said this camp is another key component of their preparations.

“Our camp has been great, the girls have been here since the beginning of March. Our official two-week training camp started on Monday and runs to March 18; we are replicating the [length of the] World Cup, which is two weeks.

“The girls are working hard in the gym with the strength and conditioning coach, they are getting strong so that by the time we get them on court they are able to take the pressure and their bodies are able to perform to whatever we want them to do,” she said.

Chauke added she enjoys working with the Proteas’ Australian coach Norma Plummer, who returned to the team in November.

“She comes with a lot of confidence and experience and that has rubbed off on the girls who believe more in themselves. They know and understand what it takes, not only to participate, but to perform and compete on the world stage.

“That is where the focus is – the Puma slogan is that we are united warriors and warriors are people who are going into

battle and battle is what we are trying to get the girls to do.

“Pressure is a privilege – as a sportsperson, if there is no pressure you haven’t performed. Pressure pushes you to get out of your comfort zone and we thrive under pressure.

“Sometimes it can be overwhelming, but our girls have performed on such stages before.” Puma and Netball SA yesterday unveiled the United Warriors’ kit for the 2023 season, including the Netball World Cup in Cape Town in July.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
