## ANNUAL PERFORMANCE REPORT

---

**(2019/2020)**

**“A dynamic hub for socio-economic development by 2050”**

## **1. INTRODUCTION**

Municipal organizational performance monitoring, evaluation and reporting forms part of governance, a good practice and also a statutory requirement in the South African government. The purpose of this Annual Performance Report is to record, disclose and account on the results of the assessment of actual service delivery achievements as measured against predetermined objectives for the 2019/2020 reporting period.

The Performance Management Framework at Makhado Local Municipality integrates organizational strategic management, service delivery, performance measurement and evaluation, and the associated reporting. The performance management function allows the municipality to track service delivery progress towards achieving the municipal objectives set in the Integrated Development Plan (the “IDP”) with its linked Medium Term Revenue and Expenditure Framework (“MTREF”).

The municipality’s 2019/2020 Annual Performance Report focuses on service delivery performance information relating to the key deliverables recorded in the 2019/2020 Integrated Development and Planning implemented through the 2019/2020 Service Delivery and Budget Implementation Plan (the “SDBIP”).

## **2. LEGISLATIVE BACKGROUND**

*Section 121* of the Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003) (the “MFMA”) mandates the municipality to prepare an Annual Report indicative of records of activities of the municipality during the 2019/20 reporting period. The report must also give an account on performance against the budget of the municipality, and promote accountability to the local community for the decisions made by the municipality.

According to the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000), *Section 46(1)* of as well as MFMA *Circular 11* on reporting annual performance of the municipality, the compilation of the annual performance report must include an assessment of external providers, a comparison of the performance with targets set for and performance in the previous financial year and measures taken to improve unacceptable performance.

## **3. PERFORMANCE MEASUREMENT AT MAKHADO LOCAL MUNICIPALITY**

Performance measurement of the municipality deals with collection, analyzing and/or reporting information regarding the performance of an individual, group, organization. During the reporting the municipality used the manual system to monitor its performance and manage its performance information. This manual system was guided by the Performance Management Framework, Policy and Procedure Manual.

The basic functioning of the performance monitoring system is to compare actual performance achievements with quarterly performance projections; to determine the deviations of the actuals against the projections; to express those deviations.

The system also provides management information in the form of graphical representations when the actual achievements are compared against the quarterly projections.

These graphical representations are used for performance and trend analyses to reflect on progress meeting predetermined objectives and targets; and for the purposes of early warning indicators of where corrective actions are required. The system also provides for accounts in the form of explanations for actual achievements, putting these achievements into context; and proposed actions for improvement where performance targets and projections were not achieved.

#### **4. 2019/2020 ANNUAL ORGANIZATIONAL PERFORMANCE RESULTS**

The 2019/2020 Service Delivery and Budget Implementation Plan on which this Performance Report is based, comprises **49 key** performance indicators with its concomitant performance targets. As an organisation, Makhado Local Municipality in the 2019/2020 reporting period achieved **31** of the performance indicators set and **18** were not achieved. This accounts for **63%** target achievement, translating to a negative variance of **37%**.

## **7. SUMMARY: MUNICIPAL PERFORMANCE**

A total number of 49 performance targets were due for review at the end of the financial under review. Out of these 49, 31 were achieved, while 18 were not achieved. This accounts for 63% target achievement, whilst the 18 that is not achieved, is translating to a negative variance of 37%.

Some of the major causes that gave rise to the under-performance included among others, but not limited to the emergence of COVID-19 pandemic. Out of the total number of 18 key performance indicators not achieved, 14 of which is attributable to COVID-19. This would have made a huge difference on the overall organisational municipal performance.

## **8. CONCLUSION**

Tangible improvement in performance management and service delivery can be realized if there are clearly defined targets to be achieved by using a service delivery budget implementation plan aligned to the municipality's annual budget .

Effective and efficient in-year performance reporting, will continue to assist the municipality in accurately tracking progress thereby identifying early warnings and activities that are lagging behind, thereby determine the intervention required and corrective action to be implemented.

The improvements in performance management will improve service delivery, and enable a better audit outcomes.

## **9. SERVICE PROVIDERS PERFORMANCE REPORT**

As provided for in Section 76(b) of the Municipal System Act, 32 of 2000, municipal services can be rendered by entering into a Service Delivery Arrangement with an external service provider. The Municipality is responsible for monitoring and evaluating the execution of the agreement, including the performance of the service provider in compliance with Section 41 of the Municipal Systems Act, 32 of 2000.

The performance of service providers that have been selected to provide assistance in the provision of a municipal service, otherwise than in circumstances where Chapter 8 of the Municipal Systems Act applies, is required, by section 116 of the Municipal Finance Management Act, to be monitored and reported on.

*N.B Kindly note that in a case were a servive provider hasn't rendered any services during the quarter of the financial year under review(2019-20), no rating is effected.*

The Municipal Systems Act, (Act 32 of 2000) as amended, stipulates the following:

Annual performance reports:

46. (1) A municipality must prepare for each financial year a performance report reflecting –

- (a) the performance of the municipality and of each external service provider during that financial year;
- (b) a comparison of the performances referred to in paragraph (a) with targets set for and performances in the previous financial year; and
- (c) measures taken to improve performance.

(2) An annual performance report must form part of the municipality's annual report in terms of Chapter 12 of the Municipal Finance Management Act."
