PUBLIC NOTICE TO ALL BUSINESSES WITHIN MAKHADO MUNICIPALITY

KEEP YOUR BUSINESS SURROUNDINGS CLEAN!

Makhado Local Municipality, through the Waste Management Office, recently conducted inspections of businesses around Makhado Town and observed cases of poor housekeeping, littering and improper storage of waste.

Businesses are reminded that keeping your premises and immediate surroundings clean is a shared responsibility. Municipal waste collection does not mean that businesses may leave waste on pavements, streets or outside their premises.

Businesses are required to:

- Keep their premises and immediate surroundings clean at all times.
- Store all waste in approved wheelie bins, skip bins or other approved receptacles.
- Never leave loose waste or refuse unattended outside the premises.
- Place waste out for collection only on the scheduled collection day.
- Prevent waste from being blown, scattered or dumped in public areas.
- Ensure sufficient waste storage facilities are available.
- Ensure employees and cleaning staff follow proper waste management practices.

Makhado Municipality Waste Management By-law

Section 5 places a general duty on every person to manage waste responsibly and prevent harm, nuisance and environmental impacts. Section 9 requires waste to be stored in a receptacle provided or approved by the Municipality. Section 18 prohibits littering, while Section 21 prohibits unauthorised dumping.

IMPORTANT: Failure to comply with the Waste Management By-law may result in enforcement action, including a notice of contravention and penalties as provided for in the By-law.

All enquiries in this regard can be directed to the Director Community Services Mr Johnson Lukheli at 015 519 3072 or Ms MB Morotoba at 015 519 3000.

LET US WORK TOGETHER TO KEEP MAKHADO CLEAN, SAFE AND ATTRACTIVE.

Your business. Your responsibility. Our collective environment.
